NASA Safety & Health Program Manager 1991 – 2023 “retired”

Health and Safety Manager bringing 32 years of comprehensive experience minimizing health and safety hazards in America's Space Agency by developing and implementing successful health programs. Consistently evaluating current processes to confirm adherence to prescribed laws, standards and government goals. Protecting the Public, Workforce, High Value Hardware, and Astronauts. I am a Growth-oriented team player possessing excellent technical and managerial abilities proven to deliver an exemplary level of safety and health. Proven problem solver and excellent communicator. Strong organizational skills, superb understanding of data collection and performance metrics. Recognized for staff development leading to high performing teams.

- Most current note of interest:
- President of the Cypress Trace Neighborhood of Suntree, and on the board of the Suntree Architectural Review Committee.
- Vice President of the NASA Alumni League Florida Chapter (NALFL). The NALFL is a non-profit organization whose members support the broad value of the nation's civil aeronautics and space programs.

During my tenure at NASA I have:

- Improved employee outcomes by implementing evidence-based safety and health programs and monitoring their effectiveness.
- Ensured NASA community's safety and health by developing and executing targeted outreach campaigns to promote wellness initiatives.
- Streamlined government program operations for increased efficiency through meticulous evaluation of processes and procedures.
- Secured funding for safety and health programs by writing persuasive proposals, resulting in expanded services for employee's safety on and off the job.
- Evaluated and enhanced program data to identify areas for improvement, driving continuous safety and quality assurance across all initiatives.

Education:

Associate of Science - Quality Assurance / Safety 06-01-1991
Eastern Florida State College
